

## Professional Home Safety Services Menu

Ensure the safety, security, and accessibility of your home with our specialized repair and installation services.

---

### Smart Security & Surveillance

Protect your perimeter and monitor your property from anywhere with advanced smart home security installations.

- Security Camera Setup: Installation of high-definition, weatherproof Wi-Fi or hardwired cameras at optimal viewing angles.
- Video Doorbells: Mounting and calibration of smart doorbells to monitor front porch deliveries and visitors.
- Motion-Activated Lighting: Integration of LED floodlights around driveways, walkways, and blind spots.
- Entry Sensors: Placement of wireless window and door sensors to alert you of unauthorized entry.

### Door Access & Reinforcement

Strengthen your home's entry points against forced entry with heavy-duty hardware upgrades.

- Smart Lock Installation: Retrofitting existing doors with secure keypad, biometric, or remote-access deadbolts.

- **Strike Plate Reinforcement:** Replacing factory screws with 3-inch heavy-duty screws anchored directly into structural studs.
- **High-Security Deadbolts:** Installation of Grade 1 commercial-strength locking mechanisms.
- **Anti-Pry Latch Guards:** Fitting interlocking metal plates to prevent jimmying or prying of exterior doors.

## Fire & Hazard Protection

Early detection and mitigation saves lives. We equip your home to handle emergencies quickly.

- **Smoke & CO Alarms:** Installation of detectors inside bedrooms, hallways, and on every living level per NFPA standards.
- **Fire Extinguisher Stationing:** Mounting rated fire extinguishers in high-risk areas like kitchens, garages, and workshops.
- **Emergency Escape Ladders:** Supplying and fitting custom deployment ladders for second and third-story windows.
- **Dryer Vent Cleansing:** Removing highly flammable lint buildup from deep inside laundry exhaust ducts.

## Infant & Child Injury Prevention

Transform your home into a safe environment for crawling babies and active toddlers.

- **Hardware-Mounted Safety Gates:** Secure anchoring of protective gates at the top and bottom of all staircases.
- **Anti-Tip Furniture Straps:** Bolting heavy dressers, bookshelves, and televisions directly to wall studs.
- **Childproof Cabinet Latches:** Installation of hidden magnetic or mechanical locks on kitchen and bathroom cabinetry.
- **Safe-Slide Outlet Covers:** Replacing standard wall plates with automatic, self-closing safety outlets.
- **Edge & Corner Guarding:** Applying durable, impact-absorbing padding to sharp countertops and low furniture.

## Senior Accessibility & Independence

Modify living spaces to reduce fall risks and help aging family members remain safely independent.

- **ADA Grab Bars:** Structural installation of heavy-duty grab bars in showers, tubs, and next to toilets.
- **Continuous Handrails:** Securing rigid, easy-grip rails along both sides of interior and exterior stairways.
- **Threshold Transitions:** Installing low-profile mini-ramps over uneven doorways to eliminate trip hazards.
- **Path-Finding Illumination:** Adding automatic nightlights, illuminated rocker switches, and LED stair treads.
- **High-Traction Surfaces:** Applying clear, non-slip adhesive texturing to slick tile, wood, or bathtub floors.

---

### Why Choose Us?

- **Specialized Expertise:** Focused entirely on home safety compliance and risk reduction.
  - **Licensed & Insured:** All modifications are completed to local building and safety codes.
  - **Custom Assessments:** Every project begins with a walkthrough to identify your home's specific hazards.
-
